Truly awakened *seeing* sees from that dimension of our Being that has never been divided. When this shines forth more and more consciously from each of us, divisions begin to be healed in ourselves and in our world. Yet it is only our true nature and not a supposedly separate “me” that lives undivided.

Please join us for this exploration of how we become divided and what it means to open to and live from the Heart of Awareness that illuminates each moment and compassionately invites us beyond separation by its love.

Dorothy Hunt serves as Spiritual Director of

Moon Mountain Sangha, teaching at the request of Adyashanti. She is author of a newly released book, *Ending the Search: From Spiritual Ambition to the Heart of Awareness*. We are pleased to offer this book at these events along

with time for signing should you be interested. For more information, please visit www.dorothyhunt.org
